BLACKWOOD'S MAGAZINE

BRITISH QUARTERLY REVIEWS. Premiums to New Subscribers.

Premiums to New Subscribers.

Owing to the late revolutions and counter-revolutions among the nations of Europe, which have fellowed each other in quick succession, and of which the "end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treatises to be furnished by the historian at a future day. The American Publishers, therefore, deem it proper to call renewed attention to these Periodicals, and the very low price at which they are offered to subscribers. The following is their list, viz:

THE LONDON QUARTERLY REVIEW, THE EDINBURGH REVIEW, THE NORTH BRITISH REVIEW. THE WESTMINSTER REVIEW,

BLACKWOOD'S EDINBURGH MAGAZINE. BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained he views, moderately, though clearly and firmly expressed, of the three great parties in England—Tory, Whig and Radical—"Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig; and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge; it was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has therefore the advantage by this combination of uniting in one work the best features of both as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful copies of the originals. Blackwood's Magazine being an exact fac simile of the Edinburgh edition

THE WEEKLY DISPATCH

THE WEEKLY DISPATCH,

**UBLISHED IN AIGHMOND, VIRGINIA,

Alt the low price of ONE DOLLAR per sumum,

Is the cheapest weekly newspaper south of the
Potomac, and as cheap as any in the Union.

This paper is made up chiefly from the Daily
Dispatch, consisting of the entertaining and
news matter of that sheet, and carefully selected
light literature and poetry.

It is designed to make it equal to any Weekly
sheet in the Union for its general interest. In
tone and sontiment, it is Southern—its conductors
are Virginians, and they hope to merit and receive the encouragement of their fellow-citizens.

They enter upon no mere speculation in their enterprize, nor are their views and opinions shaped
merely to catch the popular breeze. From education, from position, from association, from interest, from choice, they are Southern men. Their
defence of Southern rights is a defence of themselves and all they hold dear;—that it has been
warm unremitting, and as far as their capacity allowed, vigorous, no man who has read their sheet
will deny. To doubt that it will continue to be
so is to presume that the principles and ideas
which have been instilled into them from their
birth, can be eradicated, at a period of life when
men rarely change their views They, at least,
know it to be impossible.

Dar The low price at which the paper is published requires that the subscription be paid altesays in advance.

The committee do not desire to prescribe any condition, that may restrain the free exercisa of architectural taste and judgment, but they would prefer, that whatever plan may be proposed may have such reference to and correspondence with the present building as to preserve the general symmetry of the entire structure, when complete Although but one plan can be adopted, the committee reserve to themselves the right to form anch plan by the adoption of parts of different plans submitted, should such course be found necessary; in which event, the committee also reserve to themselves the right to form anch plan by the adoption of parts of different plans submitted, should such course be found necessary; in which event, the committee also reserve to themselves the right to form anch plan by the adoption of parts of different plans submitted, should such course be found necessary; in which event, the committee also reserve to themselves the right to form anch plan by the adoption of parts of different plans.
